Quick Guide for ASA Style (5th ed.): References Page

QUICK TIPS

- Your list of citations should go on a new page at the end of your paper. Put “REFERENCES” (in capital letters, left justify. Don’t put in bold or italicize).
- The list should be in alphabetical order by author’s last name.
- Always indent the second and any subsequent lines of your citations (hanging indent paragraph format)
- Always double space your References page and use 12 point font. Margins should be 1 ¼ inches wide.
- For more examples of the American Sociological Association style see http://pccc.libguides.com/citation
